FRIDAY, JANUARY 8TH, '04.

THE LATE THOMAS TAYLOR.

The death of the late Thomas Taylor, of Lake Ste. Anne, calls for more than a passing notice, for in many ways Mr. Taylor was a remarkable man. Seventy-three years old when he died, fifty-three of which were passed in the Northwest, he was possessed of a fund of knowledge acquired by actual experience, on all matters pertaining to the land he lived in, and it is greatly to be regretted that he has left behind him no written record of the events of his life.

Mr. Taylor was born and educated in older Canada. His father was an employee of the Hudson's Bay Company, and young Taylor, when his school days were over, entered the service of the same company at Lacina as an apprentice clerk. The late Sir George Simpson was then Governor of the Company. He soon recognized young Taylor's ability and gave him every chance to exercise it. Ordered to the Northwest, Mr. Taylor made the journey in the canoes of the company from Lacina to Norway house on Lake Winnipeg. He then served in various districts, his merit as a leader and post manager being recognized by his being appointed a commissioned officer with rank of Chief Leader, in the short space of ten years. He saw service at many posts and districts in the Northwest, until his retirement from the service in 1870. He then established himself at Prince Albert in Saskatchewan, and remained there until 1884, when he came to the Edmonton district and again took service with the Hudson's Bay Company, having charge first of a post on Battle river, and in 1885 taking charge of the post at Lake Ste. Anne, which position he occupied until failing health compelled his retirement from active service in 1892. No better Indian trader ever lived, or one who more thoroughly understood the customs, manners and ways of the Indians, speaking Saulteau and Cree as fluently as an Indian, French like a French Canadian, and English like a man of superior education, Mr. Taylor had few equals as an interpreter. A great reader and possessor of a remarkable memory, it was hard for a stranger to believe in talking to Mr. Taylor that he had never lived outside of the Northwest. He was thoroughly posted on most subjects, knew all about the birds, animals and fish of the country, where they were to be found, and the most approved way to kill them. As many a traveller who has occasion to pass by Lake Ste. Anne can gratefully remember, Mr. Taylor was the soul of hospitality. You knew better than he how to "welcome" the coming, or speed the parting guest. He knew no vicissitudes within his gates.

Mr. Taylor married Miss Kennedy, of Red River settlement, and had a large family of children, most of whom survive him. His eldest son, Wm. F. Taylor, is well known as a guide, trapper, trader, and is at present out with a railroad surveyor in the Peace River country. His second son, Edward, fills the important position of manager of the Hudson's Bay stores in Winnipeg. A third son, Fred, formed one of the first parties of Edmonton boys to go to the Klondike via the Mackenzie route. He is still in the Yukon. The youngest son, Keith, is in a bank in Winnipeg. Two daughters, Mrs. Armstrong and Mrs. Kaupre, reside near Lake Ste. Anne.

It is a great pity that such men as Mr. Taylor should be allowed to pass away without some effort being made to secure from them some account of their lives, of life in this country as it was years ago. It was thought that the Old Timers' Association would make this part of their work, but as yet they have done nothing along this line. The men who can speak from actual experience of the events of the past fifty years are becoming fewer in number every year. Old times cannot be duplicated.

Mr. Taylor was an expert with his pen, and could write with ease on any subject. He often spoke of writing some account of his life and times, but he was one of those happy mortals whose heart never grows old. Though old in years, up to the very end, Mr. Taylor had all the enthusiasm of a young man, which probably rendered it hard for him to realize that his life, if it was to be written, had to be done at once; or that his days were so rapidly drawing to a close.

Mr. Taylor was the type of what is known in the West as a Hudson's Bay man, and was devoted to the company he had served so long and well. He loved to talk of days gone by when he and his confederates ruled the land and there was no opposition to worry over.

HOCKEY.

Hockey teams representing the Hudson's Bay Company's and Revillon Freres' stores crossed sticks on Thistle rink ice last night. The ice was very soft and before the game proceeded for the ice was covered with slush. The half time score stood 4 to 0, and the final score 9 to 2 in favor of the Hudson's Bay team. Revillon Freres' team showed considerable improvement since the last match. For this team W. D. MacKay at point played splendidly. The Hudson's Bay team is greatly strengthened by having Wright and Sibbald, two senior team players. A considerable number of friends of the teams witnessed the match. After the match the losing team put up an oyster supper at the Grandview hotel. The line up of the teams was:

Reville's	Goal.	H. B. C.
L'oiseau	Thompson
MacKay	Wright
MacKay	Cover Point.
Morrison	Kelly
Spies	Sibbald
Harby	Left Wing.
Savard	Centre.
Belere, W. Sanford.	Right Wing.

CANADIAN PACIFIC CONSTRUCTION

The Canadian Pacific Railway also experienced difficulty in the construction department the past year owing to the wet season and the scarcity of labor, both of which tended to keep back the work in the division west of Winnipeg; however, on the different branches over 200 miles of grading were completed and track laid to the number of 430 miles. These figures, of course, are not so great in either case as the company originally intended to cover. On the Kirkella branch 80 miles of track have been laid, and 42 miles were graded this year. Sixty-four miles of the track-laying was put down on the grading done in 1902. West of Newford about 20 miles of track have been laid on the new grading. Pheasant Creek bridge has been reached on this branch. The new bridge will be completed this winter.

Francis has been reached on the Argolis and Regina branch. One hundred miles of grading and 40 miles of track laying have been done on this branch.

The Yorkton extension is now 41 miles west of Yorkton. About 10 miles of track was laid on this extension this year.

On the main line between Moose Jaw and Swift Current grading was to have been completed to the extent of 84 1/2 miles. Of this number 45 miles has been completed.

Grade reductions have also been made at Broadview and at Fleming. In the former place six miles have been graded, and in the latter three miles.

A great deal more grading has been completed by the company this year than in 1902. The track laying is hardly up to the expectations and the figures accordingly do not entirely reach three of the previous year.

Killen and Gilbert

1904 REVILLON FRERES.

No better time than the beginning of the year to tender our sincere thanks to our very numerous customers and to solicit a continuance of their patronage, and also predict that the present year will largely increase the number. We have been in the country only for a short time, but we are here to stay and our aim in the past has been to give the biggest value for the smallest money, and we intend to carry it out in the future.

HERE'S A STARTER FOR 1904 FLOUR

Like everybody else we have sadly realised that through an unusual accident our wheat crop has been partly destroyed; this and the large immigration of last year, will increase the demand for flour far in excess of the possible local production. Under the circumstances the salvation to better our present situation was to look abroad, so we did; and we were fortunate enough to secure large quantities of flour at a comparatively low figure, of which we give the benefit to our customers and the public:

HENCE DOWN GOES THE PRICE

- 1st Hungarian Patent, \$2.65
2nd Strong Bakers \$2.25 single bags
" " " \$2.20 in lots
3rd Assiniboia \$1.65 (grade next to Strong Bakers)

SPOT CASH

We guarantee our flour to be the best made, out of good hard wheat, from up-to-date mills.
The Proof Of The Pudding Is In The Eating Of It.
We have a car in and more will follow regularly. Bear in mind that this is not to run opposition to anybody but simply to supply our customers and the public with their daily bread. Like everything else in our stores, at the lowest possible figure. When coming for your flour do not forget to bring a list of all your wants. We can fill your order from beginning to end. We have the best and largest stock of Groceries, Dry Goods, Boots and Shoes, Ready Made Clothing, and Hardware, in the country.

Letters received 1,167
Letters sent 1,925
From the 28th of June to the 31st of December, 1,293 homestead entries have been made at the Edmonton office. This represents the settlement of 222,850 acres.

THE CASE OF B.C.

Begin: Leader.
In two years the province of British Columbia spent \$5,000,000 in excess of the revenues. The deficit this year is \$700,000. An interest payment of \$300,000 is due in London and the treasury is empty. The government will borrow another million dollars at five per cent. The direct taxes already very heavy, must be increased, and the Legislature has raised the property tax from three-quarters to one per cent and the real estate tax from four-fifths to one per cent. Income between \$5,000 and \$10,000 will be taxed 2 1/2 per cent. Banks will be taxed 2 1/2, 3 and 3 1/2 per cent. according to income. Insurance, telegraph, telephone, loan, gas, water-works and electric light and power companies are to be taxed on income. The assessment on railways will be raised from \$5,000 to \$10,000. The timber dues will be doubled. British Columbia enjoys provincial autonomy on the very best terms—exactly the terms that the Northwest will enjoy if we get all we ask. The Leader would not hold up British Columbia as a warning against autonomy, but the example proves that autonomy does not automatically spell advantage.

CANADIAN NORTHERN
CONSTRUCTION.

Winnipeg Tribune.

The construction department of the Canadian Northern railway has spent a busy year, 300 miles of track being laid during the past twelve months, and the grading for over 350 miles being completed. It is estimated that just double the amount of work was done in the construction department in 1903 than for the preceding year. And then not so much work was done as the company hoped to complete at the beginning of the year. The wet season had a very bad effect on the work and contractors were accordingly kept very much behind in their jobs. The contractors also had a scarcity of labor with which to contend, which likewise had a tendency to delay the work. However, taking everything into consideration, the construction department has covered an immense amount of ground for the year just closed.

On the Emerson branch 11 miles of roadway was graded and on the Greenwood extension, forty miles were graded, the track laying to commence at once.

The Portage la Prairie to Carberry line or Rosendale branch, has had 35 miles of track laid, and 40 miles graded.

The Carberry extension or connection between Rosendale and Carberry has had eighteen miles of track laid, and the same number of miles of grading done in the past year.

The grading on the Rosburn extension, Clanwilliam and westerly, totalled 25 miles in 1903.

On the Grandview extension, main line to Edmonton, 114 miles of continuous grading west of Grandview, has been done. The work has been laid for the same distance. It is not likely that Edmonton will be reached by rail by the C. N. R. next year, although work on this line will be hurried ahead as rapidly as possible. The grading and track laying has now reached a point 42 miles west of the Assiniboine river.

Grading is now practically completed to Melfort, 187 miles west of Wood, on the Prince Albert extension. The grading is now within sixty miles of Prince Albert. Track laying will reach Melfort this winter and the line will likely be completed this year. The grading this year on this extension has amounted to eighty miles and the track laying to fifty miles.

Oak Point has been reached with the grading on the Hudson's Bay railway, and steel laid to the same point on Lake Manitoba. The number of miles completed thence total 53 miles this year. This line will likely be open for traffic in the spring.

The piers for the bridge across the Saskatchewan River, near Saskatoon, are about completed, and will be ready for the steel superstructure early in the spring. Fifty miles has been graded east from this point. Short, ungraded portions occur between the Assiniboine River and a point 50 miles east of the South Saskatchewan crossing, which the wet season prevented touching. About four miles was graded by the British colonists near the 4th meridian.

Considerable grading was done at Edmonton, in the new yards there. The line from Strathcona to Edmonton was connected with the main line on the high level, but no steel has been laid yet.

Surveys are being made for the line from Hartney to Regina. It is the intention to go ahead with this line next year. The distance is about 200 miles.

BE STRONG.

Edmonton school of Physical Culture now open. A full and thorough course of gymnastics and physical instruction, using Sandow's special apparatus. An increase of muscular development guaranteed. Commence at once. Terms \$5 a quarter. Arthur Hencher, instructor.

SITUATION WANTED.

I want a position as salesman or cashier; I mean to get one. I can do the work as well as anyone else, perhaps better. Am not afraid of work; fond of it; smart at it; cheerful over it. Am a business man thirty-three, educated, married, steady, I know something about advertising; too that should be some use. I am not conceited, but I want to attract attention and offers. Apply Box 41, this office.

LOST.

ESTRAY.

AND ROOMS

JAMES G. BUDGEN

Queen's Ave., Edmonton

LOCAL

—Train left Red Deer on time.
—John W. Morris has sold out his general store to Messrs. Miller and Maguire.

—Tenders are being called for the construction of a branch bank building for the Bank of Montreal at Edmonton.

—A meeting of the Edmonton Driving Club will be held in the office of J. B. Lubbock's livery stable this evening.

—The National Trust Company are distributing splendid calendars for the present year. One has been left at this office.

—The Edmonton dramatic society will present The Chimes of Normandy in Sanderson's hall on April 6th, 7th, 8th and 9th.

—A mass meeting of the boys and girls of the town will be held in the Presbyterian church this afternoon at four o'clock to be addressed by Evangelist Rogers.

—Rev. Mr. Rogers will address a mass meeting of young men in Robinson hall Sunday afternoon at four o'clock. There will be special music at the service.

—The following clipping from the Chicago Tribune is of special local interest at the present time: "Belus-fanly King John scrawled his name at the foot of the document presented to him for his signature by the barons. 'I realize, gentlemen,' he said, with exceeding bitterness, 'that I am only a king and that you have got the bulge on me, but if I were the president of a teamsters' union, I'd have you fellows on your knees before me so quick it would make your head swim.'"

—Considerable interest is being taken in the evangelistic services now in progress nightly at the Presbyterian church. Last evening a large audience listened to an address by Rev. Thomas Rodger, Presbyterian evangelist for Alberta, the subject being: "There is no difference, for all have sinned and come short of the glory of God." The speaker affirmed that the law was given to measure men by; that all men came short of its requirements and that Jesus Christ was the sinners' substitute was the sinners' only hope. That Jesus Christ was the end of the law for righteousness to every one that believeth. All are invited to the service tonight at eight o'clock.
